

Major Offered Through:

CORVALLIS

Columbia Gorge Community College

Biochemistry & Biophysics

Biochemistry & Biophysics provides a degree path centered on the chemistry and physics of life processes with training that integrates the principles of chemistry, physics, mathematics, statistics, biochemistry, cell and molecular biology, and biological sequence analysis. Biochemists explore the chemical structure of living matter and the chemical reactions occurring in living cells. Biophysicists use the methods of physical science to study the structure and function of macromolecules. Biochemistry & Biophysics majors receive excellent training for careers in medicine and related health professions, biotechnology and pharmaceutical industries, or for graduate study. Completion of an option is required to earn a degree in Biochemistry & Biophysics.

Biochemistry & Biophysics Options
(an option is required)

- Advanced Biophysics
- Neuroscience
- Pre-Medicine

Your Bachelor's Degree (BS) in the College of Science

A minimum of 180 credits are required for graduation; 60 must be upper division (300 and 400-level courses).

- A maximum of 135 transfer credits may be applied toward a bachelor's degree at OSU.
- Only courses with letter prefixes and numbers above 100 can be accepted.
- Options available. See "Important Notes".
- See the OSU Catalog for a list of courses required for your major and option: catalog.oregonstate.edu

Courses for this Major (Offered at Columbia Gorge Community College)

This list is comprehensive. Speak with an OSU advisor for more information.

Priority courses to complete before transferring are distinguished by ^P

Biochemistry & Biophysics Core Requirement	CGCC Equivalent Course	OSU Courses	Notes
Mathematics ^P	MTH 111Z, 112Z, 251Z, 252Z	MTH 111Z, 112Z, 251Z, 252Z	Math placement determines where students begin in math. Please speak to your CGCC advisor.
General Chemistry	CH 121, 122, 123	CH 221Z/227Z, 222Z/228Z, 223Z/229Z	Not appropriate Chem series for Biochem & Biophysics major.
Principles of Biology ^P	BI 211, 212, 213	BI 221Z, 222Z, 223Z	Courses in Biology sequence now transfer by course. Prior BI 211, 212, 213 – require full year to transfer.

Important Notes & Resources

Important Notes for the College and Major:

- Grade requirements: C- or better in all lower division math, biology, and chemistry coursework.
- See a sample degree plan: [Biochemistry & Biophysics Sample Plan](#)
- Option required. Select from: Advanced Biophysics, Neuroscience, and Pre-Medicine.
- Other similar majors to explore: Biochemistry & Molecular Biology, Biology with a Genetics option
- Math, Biology and some Core Education are priority courses to complete before transferring to OSU.
- For Biochemistry & Biophysics students, the best time to transfer is Fall term, particularly due to the three term science series courses. Talk with an OSU advisor about your specific timeline.
- It is important to speak with a College of Science Advisor early on, and often, to ensure correct course selection and sequencing.

Resources and OSU Information:

- Students do not have to complete a transfer degree in order to transfer to OSU.
 - If you've completed the Oregon AAOT or ASOT, all lower division Core Ed requirements are considered complete.
- If you've completed to CTM (Core Transfer Map) or an MTM (Major Transfer Map), all lower division Core Ed requirements are considered complete except Difference, Power and Oppression Foundations.
- Preparing to apply to OSU? See admissions info: transfer.oregonstate.edu/applying-oregon-state-university
- Want to take classes at both OSU and an Oregon community college? Check out the Degree Partnership Program: partnerships.oregonstate.edu/students
- Visit OSU for a campus tour and meet with an advisor; schedule your visit at visitosu.oregonstate.edu
- Find more transfer student resources at transfer.oregonstate.edu.

Core Education Requirements

- Please note, Core Education ("Core Ed"), include the general education requirements for students admitted to OSU Summer 2025 and onward. Students admitted Spring 2025 and earlier should refer to the Baccalaureate Core and/or their advisor for guidance.
- For full listing of courses that fulfill Core Education requirements, please refer to <https://transfer.oregonstate.edu/oregon-and-hawaii-course-articulations> and search for the Oregon CC you are attending.

FOUNDATIONAL CORE	Writing Foundations	WR 121Z
	Arts and Humanities: General	Many options
	Arts and Humanities: Global	Many options
	Quantitative Literacy and Analysis	Fulfilled in major
	Communication, Media and Society	Many options
	Social Science	PSY 201Z or PSY 202Z recommended for pre-med and neuroscience options
	Scientific Inquiry and Analysis (2 courses)	Fulfilled in major
	Difference, Power and Oppression Foundations	Many options
SIGNATURE CORE	Transitions	SCI 300 in Fall or CORE 300 other terms (take at OSU)
	Difference, Power and Oppression Advanced	BB 332, BI 344, CH 380, or GEOG 333 (take at OSU)
	Seeking Solutions	Many options (take at OSU)
	Writing Elevation	WR 227Z recommended for transfer
	Writing Intensive Curriculum	BB 317 or BB 318

Advising Contacts

It is important to speak with your OSU academic advisor early on, and often, to ensure correct course selection and sequencing.

Academic advisors at your community college and OSU are available to answer your questions and assist you in creating a transfer plan. **See your community college advisor first and use this Transfer Guide to help you plan.** Also, consider meeting with an OSU transfer advisor (see email below) and visiting OSU to take a campus tour. See visitosu.oregonstate.edu/visit-campus to schedule your visit.
