### Zoology Admitted to OSU before Summer 2025 only

The zoology major-the only one in the state of Oregon- is housed in the Department of Integrative Biology in the School of Life Sciences. Zoologists are interested in all aspects of animals including, but not limited to, their diversity, physiology, ecology, evolution and conservation. The Zoology major prepares students for application of this knowledge in a variety of areas.

Zoology students enter careers such as museum curation, informal education, animal care and husbandry, government agencies, environmental consulting, and wildlife and field biology.

(Zoology is NOT appropriate for those interested in being Pre-Vet: See Biology).

### **Important Notes & Resources**

#### Important Notes for the College and Major:

- Grade requirements: Students need a C- or better in all lower division math, biology, and chemistry coursework.
- See a sample degree plan by searching "Zoology" at <u>admissions.oregonstate.edu/find-your-major</u>
- Other similar majors to explore: Biology, Animal Sciences, and Fisheries & Wildlife.
